

Space Exploration Activities

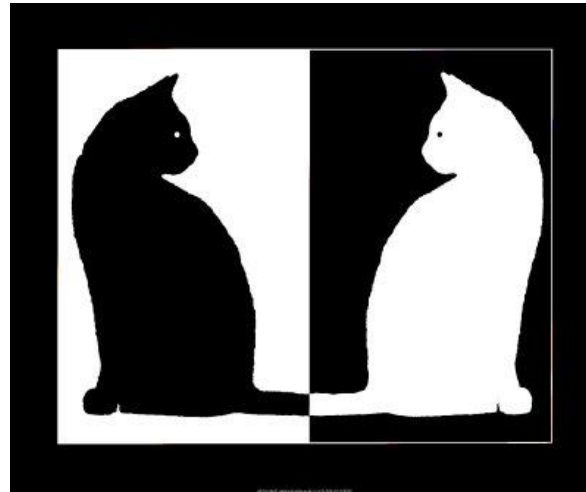

Option 1: Try an Op art piece

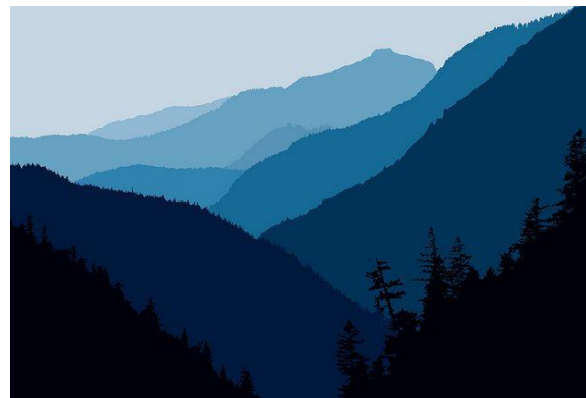

Option 2: Create a city with one or two point perspective

Option 3: Create a single object in positive and negative space (cut out of card)

Option 4: Create an atmospheric perspective collage using values to show space

Option 5: Draw your name in 3D using one point perspective

Option 6: Paint a landscape showing objects in realistic space (objects should get smaller as they reach the horizon)
